# Our Play-Based Curriculum!

## 1. Fun & Creative Play-Based Curriculum

For more than 24 years, over 200 extremely qualified childcare professionals contributed to the construction of this play-based curriculum. That's a lot of love! The flexibility, ease of use and researched methods allow every child to learn, grow and thrive.

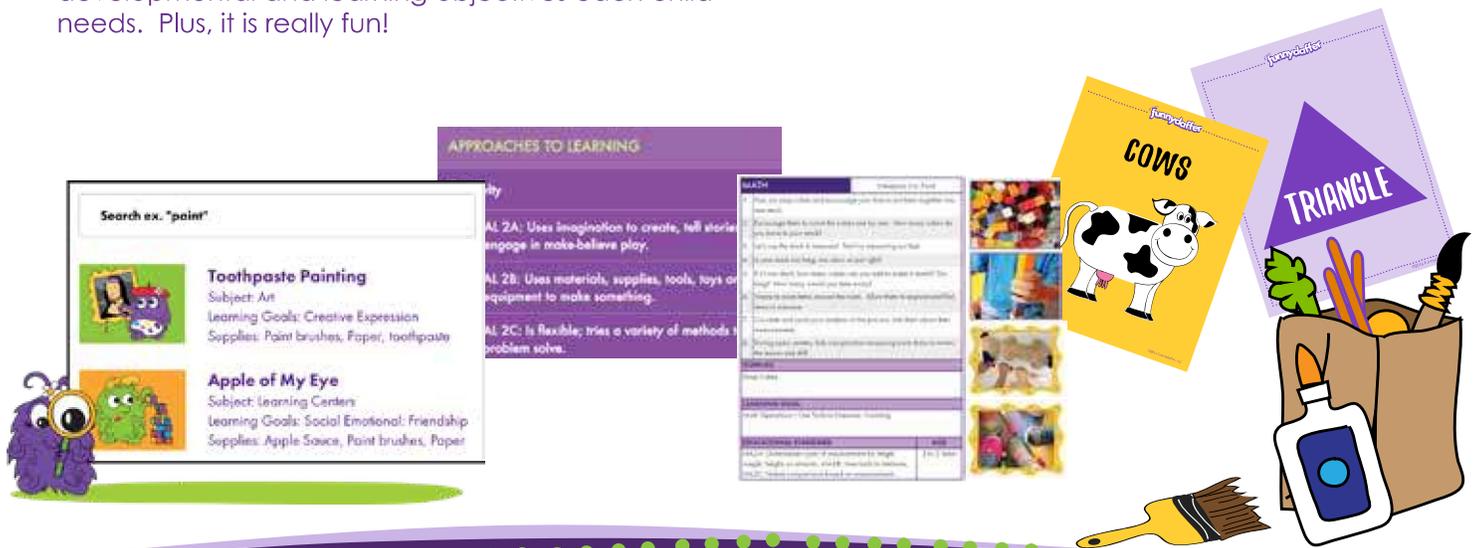

## 2. Personalized Instruction

No two children progress alike and their needs should be met individually. **Our curriculum is designed to accommodate a variety of learning styles to ensure each child succeeds.** We provide a very large platform from which to build a comprehensive approach to delivering curriculum. Our lesson plans are designed to let children discover, invent, pretend and challenge themselves.

## 3. Approved for Use in Accredited Schools

The Funnydaffer curriculum has been assessed by many childcare professionals and is approved in states across the nation. Our curriculum addresses all of the developmental and learning objectives each child needs. Plus, it is really fun!

- ✓ PLAY-BASED LEARNING ACTIVITIES
- ✓ TWELVE SUBJECT AREAS PER DAY
- ✓ ACCURATE ASSESSMENTS OF CHILD'S PROGRESS
- ✓ FUN GAMES & EDUCATIONAL MATERIAL

# Our State-Approved Curriculum!

## 1. More than 10,000 lessons

Over 200 teachers with vast amounts of experience have contributed to the construction of this curriculum over a period of 22 years. That's a lot of love! The flexibility, ease of use and tried and true methods make every teacher's job easier and that means more attention for your little one.

## 2. Streamlines the teaching process

Funnydaffer provides a detailed accounting of which state standards are met on a daily/weekly or monthly basis. Teachers can ensure that every child is learning and progressing appropriately. Additionally, the Focus Group feature of the curriculum allows teachers to identify weaknesses and search for creative ways to present concepts so that all learning types are addressed and each child succeeds.

## 3. Creates supply lists

Teachers can generate detailed checklists of supplies required to accomplish their lesson plans on either a daily, weekly or monthly basis. This prevents unnecessary spending and helps to keep the classroom more organized. Children can help by taking inventory and suggesting their favorite activities based on the supplies at hand.

- ✓ LESSON GRIDS FOR INFANTS TO SCHOOL AGE CHILDREN
- ✓ CREATIVE OUTLET FOR TEACHERS
- ✓ SUPPLY SEARCH
- ✓ STATE STANDARDS SEARCH
- ✓ TEMPLATES & THEMES
